

# iJET Expands Worldwide To Provide Specialized Services

Commitment to excellence fueled by high-quality services

iJET, a leading international trip-planning and flight management company, announced a major increase in the company's growth and net worth over the year 2017-18. A company which started its journey in Dubai with a team of 5, now boasts of 45+ employees and regional offices in all the aviation hubs of the world. iJET Espana, the latest laurel added to its name, marks an important milestone in the company's goal of expanding globally. A key factor underlying its success is its dedication to customer satisfaction and commitment to offering high-quality services promptly with a "first time right" customer experience.

Established in 2014, iJET worked its way up on a mission to enhance the quality of flight operations for business aviation and private jet operators. Four years into its establishment, iJET now competes with big names in the industry, offering premium flight support and aviation services worldwide.

iJET has spread its wings in the 5 major continents, with a strong presence in Latin America, Far East Asia, China, Russia, Indonesia, and the whole African continent. The latest addition to its ever-growing network is iJET Espana, the fruit of a joint venture with Aerogate, a global flight dispatch provider. The goal of the venture is to overcome language barriers and add a personal touch and local expertise to its services in the Iberian region.

“  
*"We're continuously growing and expanding our network to be able to provide services of the highest quality to aircraft operators around the globe."*  
 - CEO of iJET, Adnan Branbo.

iJET's commitment to high-quality customer service and timeliness has enabled it to retain and build long-term relationships with clients. The remarkable success achieved by the company in a short time, bears witness to this fact and have placed iJET amongst the best flight support providers, **internationally**.

“

*As a start-up company it was difficult to convince clients to work with iJET, however, once they did, they always come back.*

- Ben Ali, the Company's Vice President.

”
